THE GREATEST COURTROOM DRAMA IN HISTORY NOW IN HD FOR THE FIRST TIME!

_Nuremburg: Its Lesson For Today_ shows how the international prosecutors built their case against the top Nazi leaders using their own films — devastating evidence of atrocities that are still shocking today. The trial established the “Nuremberg principles” — the foundation for all subsequent trials for crimes against peace, war crimes, and crimes against humanity. _Nuremburg_ was shown in Germany in 1948-49, but US government officials suppressed the American version for political reasons. Over the years the original negative was lost or destroyed. Schulberg & Waletzky made a new negative from the best German print and reconstructed the soundtrack so you can hear the defendants’ and prosecutors’ voices for the first time.
